

Hello Neighbor

Door Hangers

Instructions

How to use:

- Print the sheets (black and white **or** color) that you want to use.
Card stock paper may be best but anything will work!
- Fill out you/your family's information.
- Check the boxes of the ways you want your neighbor to connect with you (text, email, stopping by).
- Cut out the dotted line and circle for each door hanger.
- Hang on the doors of your neighbors!
Pray for each one that you drop off, that this act of neighboring would result in the beginning of a new relationship.
